EDUCATION PASSPORT

On February 14th, the Board approved a report from the Los Angeles County Education Coordinating Council (ECC): *Expecting More: A Blueprint for Raising the Educational Achievement of Foster and Probation Youth*. One recommendation was for the ECC to develop a public/private partnership to create an electronically based information system that includes the individual education records of youth under the supervision of the Department of Children and Family Services and the Probation Department.

I, THEREFORE MOVE that the Board of Supervisors direct the Education Coordinating Council to develop a public/private partnership to create an electronic based information system for individual education records of youth under the supervision of the Department of Children and Family Services and the Probation Department with a report back on August 15, 2006.
